Best Places to Work: ImageWorks Commercial Interiors

by **Arkansas Business Staff**

Monday, Oct. 4, 2021 12:01 am 2 min read

ImageWorks Commercial Interiors assists clients in creating innovative solutions for engaging environments. In collaboration, the company applies its knowledge, expertise and technology to optimize spaces where people think, learn, heal, work and live.

Clients include those in the corporate sector, General Services Administration, health care and education. ImageWorks Commercial Interiors clients expect and deserve the highest level of expertise, and the company is fortunate to have a seasoned group of industry specialists who work with clients to provide the latest products and services to truly transform their space.

ImageWorks Commercial Interiors is committed to building and sustaining a culture of diversity and inclusion and stands on its character to do the right thing in all things. The company is committed to its goals, values, team members, and to the community and seeks ways daily to exceed customers' expectations, promote employee development and make a difference in the community.

The company believes diversity is an important factor in its productivity, effectiveness and innovation, and that having a diverse and inclusive culture gives it the perspective and ability to respond to a diverse and changing marketplace. A culture of diversity and inclusion makes ImageWorks Commercial Interiors more attractive to prospective customers, partners and new talent.

ImageWorks Commercial Interiors participates in community-related events each year. Team members donate their time to improve the community by serving on area boards, heading up programs which educate youth and leading sports programs to provide the area youth with positive, engaging activities that will help them grow and become an active part of the business and general community.

Employees enjoy an atmosphere of mutual respect, community and family. They know the leadership is supportive and interested in building a solid company and in an individual's career development. There is constant access to training and a focus on improvement that breeds confidence and enhances camaraderie.
